Premium Woven Vinyl

brochure

2022 Edition

Textile

We offers wide range of woven vinyl floors. Our flooring offers the texture and warmth of a woven, natural fibre with the practicality of a robust contract flooring. Our goal is to provide innovation into today's commercial and residential floorings proposition with a new generation type of flooring. The innovative woven vinyl and fiber glass flooring with quality polyvinyl chloride base, which makes product remarkably robust, very functional and elegant.

Your Style, Your Floor

ECO Beauty woven vinyl is favorite selection amongst esteemed architects, interior designers and contractors worldwide for multiple application areas for indoors.

Why Choose Us

Woven vinyl flooring, as a new generation flooring, has a tactile woven expression that adds softness and an exclusive character to any commercial and residential places, now it's been a perfect alternative to carpets for interior designers. It is also durable, safe and easy to care for. With woven flooring, you can enjoy a design touch in your commercial or residential projects without compromising on everyday practical benefits.

All specifications are based on average values and may deviate. The values are for guidance and are not contractual. Subject to technical modifications.

The straight weft is not an inherent condition. Weaving technology features colour effects because of light, making it an exclusive and unique product. Also bicolour yarns create a randomly harmonious effect. These effects are no ground for claims.
